

NOTICE

Students of MBA- IV Semester will be submitting a Research Project Report as per the curriculum. To successfully complete their **Research Project Report (MGT 403)**, students must seek guidance from their assigned faculty member on report preparation and related requirements. Throughout the project, students will consult closely with their faculty supervisor for guidance and feedback.

Students will have to submit **Two Hard Bound copies** of the research project report in the department, duly signed by students themselves and forwarded by assigned faculty supervisor.

Contents#

Topic Selection and Proposal Development
• Identify a research problem or question
• Conduct a literature review
• Formulation of research objectives and hypotheses
Research Design and Methodology
• Choose an appropriate research design (e.g., survey, case study, experiment)
• Develop a sampling plan
• Select data collection methods (e.g., interviews, questionnaires, observations)
• Choose data analysis techniques (e.g., regression analysis, content analysis)
Data Collection and Analysis
• Collection and processing data according to the research design
• Conduct descriptive and inferential statistical analyses
• Interpret findings and drawing conclusions
Report Writing and Presentation
• Structuring the research report
• Communicating research findings clearly and effectively
• Preparing for and delivering an oral presentation of the Minor Project
Ethical and Professional Considerations
• Adhere to professional standards in research and reporting
• Use appropriate citation and referencing practices

Note that these contents are not exhaustive, but rather inclusive, and may include additional requirements or considerations.
