digital age. It is organized by the Department of Applied Sciences & Humanities, FOET DSMNRU, Lucknow. The conference provides a platform for researchers, academicians, industry professionals, and students to present innovative research and exchange ideas on emerging AI trends. By providing a platform for interdisciplinary dialogue and collaborative learning, the conference is set to contribute significantly to shaping effective skill development strategies that are aligned with the demands of the digital era. Applied Sciences encompass a broad range of disciplines such as engineering, biotechnology, and information technology. In these areas, the integration of AI not only enhances technical skills but also cultivates critical thinking and innovation.

Conference Objectives:

The 2026 National Conference will serve as an epicentre for ideas and best practices in skill development amid digital transformation. Key objectives include:

- Sharing insights on the integration of AI into educational frameworks to personalize learning experiences.
- Highlighting advancements in immersive learning technologies that simulate real-world environments.
- Discussing corporate and government initiatives that emphasize continuous upskilling and reskilling.
- Exploring strategies to foster effective human-AI collaboration alongside the development of soft skills crucial for modern workplaces.
- Evaluating blended learning models and global initiatives aimed at enhancing digital literacy.

About the University:

Dr. Shakuntala Misra National Rehabilitation University, established in 2008, is a premier institution dedicated to rehabilitation, inclusive education and assistive technology to differently abled students by catering their holistic development and providing them equal opportunities at various stages of life. The university features a modern 131-acre Wi-Fi equipped campus with barrier-free infrastructure, smart classrooms, and state-of-the-art laboratories.
